Freezer - \$3,600 + gst

The unit pictured here has one cavity with two small doors but is also available as a freezer only with one large door.

Fagor units are true professional quality and commercial grade fridges & freezers and at these prices you may be inclined to indulge yourself with a matching set for your home??

• *Need more storage space?*

Also available as double door versions!

Fridge - \$4,020 + gst
Freezer - \$5,400 + gst

SAVE OVER \$1,500

• *Prefer under counter units?*

We are also offering 2 & 3 door counter fridges designed to fit under your work bench. These units have GALVANISED TOPS and internal display lighting.

2 Door - \$2,760 + gst
3 Door - \$3,360 + gst

Incl. Free Delivery to your dealer!

Thanks for your support

This edition of the Fagor Report is condensed for the busy season but a really big THANK YOU goes out to all of you who chose Fagor this year.

Thanks also for your positive feedback and your patience with us during those tricky installations and the all-too-common transport delays as the World becomes a busier place to do business.

Fagor sold over \$210 million this year produced 24,000 cooking units, over 30,000 fridges & freezers, 20,000 dishwashers and over 2,500 Combi Ovens for the World market with Australia showing a healthy sales increase of over 50% on last year and Victoria up over 100% on last year.

While these are great figures, I believe the strength of any company lies in the ability to service the needs of individuals at street level, you are important to us and your opinion matters.

**We are here for the long term
and committed to your
ongoing support!**

Because many of us will be working in this industry for a long time, though our job description may change, we will be in touch for many years to come and I want to personally make a commitment again to you to assist you with your equipment decisions in any way I can. Often some advice and a second opinion can save you thousands of dollars when buying new equipment.

Have a great summer and a safe new year, give something away for free and love your family and friends.

Thanks again!

Look out for Fagor Next Year

My first year as Victorian Sales Manager was challenging and very interesting, we exceeded our sales target and have been better able to support our state wide dealer network with consignment stock, promotional material and hands on customer support

There are already wheels in motion for some very high profile complete Fagor installations around Melbourne, including the new Vue De Monde cantilever system in the City centre, restaurants in Country Victoria and local hospitals.

Many of these installations will feature in the upcoming newsletters and your copy will arrive as usual by email. If you would prefer to have it posted, please advise us accordingly?

Fagor will also release new Combi Ovens next year with increased tray capacity, clever chamber design and added user friendly features, details to follow in the Autumn newsletter...
